Should auld acquaintance be forgot, and never brought to mind? Should auld acquaintance be forgot and auld lang syne. We'll take a cup o' kindness yet for auld lang syne. Happy New Year! I don't know about you, but as soon as I hear the words Happy New Year. This song written by Robert Burns immediately pops into my head.

Wait, what?! Happy New Year, I know what you are thinking. It's September. No, I haven't lost my mind. It's New Years. The 4-H New Year to be exact. Our year runs September 1- August 31. I am so excited for the new year and the adventures that are surely to await us.
