

## *Newscolumn - Horse 4-H In Juab County*

The summer has come to a close, school has started back up, and schedules are back to being filled with extracurricular activities, homework, and running around like chickens with our heads cut off. Summer went by quickly and I don't know about you but I'm madder than a wet hen about it. So why not recap the happenings in Horse 4-H throughout the summer.

4-H members with horses were able to participate in weekly practices at the fairgrounds where they worked on Horsemanship, Halter, Bareback, Scurry, Poles, and Barrels. They were able to get out their horses, work on their riding skills, and most importantly have fun!

During fair week, a practice show was held in place of the originally scheduled 4-H end of summer Fair Horse Show due to some unfortunate events the morning of the show. The youth were able to experience what the actual show will be like by participating and nerves were settled with having fun and laughing when things didn't go exactly right. The Horse Club will meet for the last time this year for their last practice on the 1st of September. The rescheduled horse show will be the 8th of September starting at 7pm in the warmup arena behind the grandstands at the fairgrounds. The participating youth will be able to compete for buckles, headstalls, reins, and many more great prizes. As a club we would like to extend a thank you to the Nephi Nebo Posse for generously donating halters to the participants of the 4-H Horse Show, and for continuously supporting the youth in Juab County.

If you have a horse and would like to join the Horse 4-H Club, call the 4-H office and they will help you get registered so you can participate!
