PLANT LIST

COMMON NAME	SCIENTIFIC NAME	GARDEN
Anemone	<i>Anemone</i>	2, 6
Asiatic Lily	<i>Lilium auratum</i>	6
Assorted varieties	<i>Roses</i>	11
Astilbe	<i>Astilbe</i>	6
Avens, or varies by variety	<i>Geum</i>	6
Baby's Breath	<i>Gypsophila paniculata</i>	11
Bamboo	<i>Bambusoideae</i>	2
Beebalm	<i>Monarda</i>	6, 11
Bellflower	<i>Campanula</i>	2, 6
Bi-Color Sage	<i>Salvia sinoensis Bicolor Sage</i>	11
Black Eyed Susan	<i>Rudebekia</i>	5, 6, 11
Black Pussy Willow	<i>Salix gracilistyla melanostachys</i>	2
Blanket Flower	<i>Gaillardia</i>	6
Blazing Star	<i>Liatris</i>	5, 6, 11
Bleeding Heart	<i>Dicentra spectabilis</i>	6
Blue Flax	<i>Linum lewisii perenne</i>	6
Blue Wheatgrass	<i>Elymus magellanicus</i>	5
Bluebeard	<i>Caryopteris</i>	5, 6

COMMON NAME	SCIENTIFIC NAME	GARDEN
Butterfly Bush	<i>Buddleja</i>	5, 11, 6
Butterfly Weed, Milkweed	<i>Asclepias</i>	6
Cactus	<i>Cactaceae</i>	5
California Poppy	<i>Poppies</i>	11
Candy Tuft	<i>Iberis sempervirens</i>	11
Carnation, Sweet William	<i>Dianthus</i>	6, 7
Cat Mint	<i>Nepeta</i>	6, 7
Columbine	<i>Aquilegia</i>	6, 11
Coneflower	<i>Echinacea</i>	5, 6, 11
Coppertips	<i>Crocsmia</i>	6
Coral Bells	<i>Heuchera</i>	6
Cranesbill	<i>Geranium</i>	6, 11
Creeping Jenny	<i>Lysimachia nummularia</i>	2
Creeping Wire Vine	<i>Muehlenbeckia axillaris</i>	2
Daisy	<i>Daisy</i>	7, 11
Daphne	<i>Daphne</i>	5, 11
Day Lily	<i>Hemerocallis</i>	6, 11
Desert Four O'Clock	<i>Mirabilis multiflora</i>	11
Dill	<i>Anethum graveolens</i>	6

COMMON NAME	SCIENTIFIC NAME	GARDEN
Dutch Iris	<i>Iris x hollandica</i>	2
Dwarf Globe Blue Spruce	<i>Picea pungens 'Globosa'</i>	2
Elijah Blue Fescue	<i>Festuca glauca 'Elijah Blue'</i>	2, 7, 8
English Daisy	<i>Bellis perennis</i>	11
English Lavender	<i>Lavendula (angustifolia)</i>	6
False Indigo/Wild Indigo	<i>Baptisia</i>	5, 7, 11
Feather Reed Grass 'Karl Foester'	<i>Calamagrostis</i>	5
Fern	<i>Fern</i>	11
Fescue Grass	<i>Fescue Grass</i>	7
Feverfew	<i>Tanacetum parthenium L.</i>	6
Foam Flower	<i>Tiarella</i>	6
Fountain Grass	<i>Pennisetum alopecuroides</i>	2
Fox Glove	<i>Digitalis</i>	11
Garden Phlox	<i>Phlox paniculata</i>	6, 7, 11
Gladiolus	<i>Gladiolus</i>	6
Globe Blue Spruce	<i>Picea pungens 'Globosa'</i>	5
Globe Mallow	<i>Sphaeralcea munroana</i>	6
Goldenrod	<i>Solidago</i>	6, 11
Grass	<i>Oranmental Grasses</i>	11
Hardy African Daisy	<i>Osteospermum</i>	6
Hardy Fuschia	<i>Zauschneria (Epilobium)</i>	6
Heath	<i>Erica</i>	2
Hellebore	<i>Helleborus</i>	6, 11
Hen and Chicks	<i>Echeveria elegans</i>	5, 7
Hibiscus/Roselle	<i>Hibiscus</i>	2, 5, 11
Hosta	<i>Hosta</i>	2, 8, 11
Hyacinth	<i>Hyacinthus</i>	2
Hyssop	<i>Agastache</i>	5, 6
Ice Plant	<i>Delosperma 'Golden Nugget'</i>	6, 7
Iris	<i>Iris</i>	5, 6, 11
Joe-Pye-Weed	<i>Eutrochium purpureum</i>	6
Juncus	<i>Juncus</i>	2
Jupiter's Beard	<i>Centranthus</i>	7
Kent Beauty	<i>Kent Beauty</i>	6
Kentucky Blue Grass	<i>Poa pratensis</i>	5
Lady in Black Aster	<i>Aster lateriflorus</i>	6
Lady's Mantle	<i>Alchemilla</i>	11
Lamb's Ear	<i>Stachys byzantina</i>	11
Lavender	<i>Lavendula</i>	2, 5, 6, 11
Leopard's Bane	<i>Doronicum</i>	11
Lupin	<i>Lupinus</i>	11
Meadow Rue	<i>Thalictrum</i>	11
Michaelmas Daisy	<i>Aster 'Monch'</i>	6
Mondo Grass	<i>Opiopogon Japonicus</i>	6, 11
Mondo Grass Nigra	<i>Ophiopogon planiscapus 'Nigra'</i>	11

COMMON NAME	SCIENTIFIC NAME	GARDEN
Monkshood	<i>Aconitum</i>	6
Mums	<i>Chrysanthemum</i>	11
Oregano	<i>Origanum vulgare</i>	6
Oriental Poppy	<i>Papaver Orientale 'Princess Victoria Louise'</i>	2, 6
Ornamental Lily	<i>Lilium orientalis 'Stargazer'</i>	6, 11
Ornamental Onion	<i>Allium</i>	11
Penstemon	<i>Penstemon</i>	5, 6, 7
Peony	<i>Paeonia</i>	6, 7, 11
Pincushion Flower	<i>Scabiosa</i>	6
Plumbago	<i>Plumbago</i>	5, 7, 11
Porcupine Grass	<i>Miscanthus sinensis 'Strictus'</i>	2
Prairie Zinnia	<i>Zinnia grandiflora</i>	6
Rock-cress	<i>Arabis</i>	11
Rose Campion	<i>Lychnis</i>	11
Russian Sage	<i>Perovskia</i>	5, 6
Sage	<i>Salvia</i>	11
Sage	<i>Salvia officinlis 'Tricolor'</i>	6
Shasta Daisy	<i>Snow cap</i>	6
Sheep Fescue	<i>Festuca ovina</i>	5
Snap Dragon	<i>Antirrhinum</i>	6
Solomons Seal	<i>Polygonatum</i>	11
Spearmint	<i>Mentha spicata</i>	6
Speedwell	<i>Veronica</i>	6, 11
Speedwell	<i>Veronica Spicata, Royal Candles</i>	6
Spiderwart	<i>Tradescantia</i>	11
Spirea	<i>Spiraea</i>	2, 9, 11
Stonecrop	<i>Sedum</i>	2, 6, 11, 5, 7
Sunflower	<i>Helenium</i>	6
Sunflower	<i>Helianthus</i>	6,11
Sunflower	<i>Hellebore</i>	11
Sweet Autumn Clematis	<i>Clematis</i>	11
Sweet Woodrift	<i>Galium odoratum</i>	11
Tall Fescue Grass	<i>Festuca arundinacea</i>	5
Tickseed	<i>Coreopsis</i>	5, 6, 7, 11
Tri-Color Sage	<i>Salvia sinaloensis</i>	11
Turkish Speedwell	<i>Veronica liwahensis</i>	2
Verbena	<i>Verbena</i>	6
Whirling Butterflies	<i>Gaura</i>	6, 11
Winecups	<i>Callirhoe Involucrata</i>	6
Wooly Thyme	<i>Thymus</i>	2, 5, 7
Wormwort	<i>Artemisia absinthium 'Powis Castle'</i>	6
Yarrow	<i>Achillea</i>	7
Yew	<i>Taxus baccata</i>	2

GARDEN DESCRIPTIONS

2 Oriental Garden

A Japanese garden adorns the east side of the USU Education Building. An attractive wooden bridge crosses a dry riverbed running through the area that features ground covers, Japanese maples, a pagoda and other plants common to oriental gardens. There are wooden walkways, stones, niwaki plants and a tea hut.

3 Edible Garden

In this teaching area, we have an assortment of edible fruits, vegetables and herbs grown in small raised beds. Here we demonstrate how the public can grow edible gardens, even in small spaces. Each year we plant a variety of tomatoes, peppers, carrots, onions, peas, cucumbers and gourds. We have a selection of herbs such as basil, dill, fennel, oregano, chives, thyme, and horseradish. We also have an under planting of strawberries to help retain moisture. Additional edibles include grapes, apples, peaches and raspberries.

4 Rose Garden

One of the most popular areas of the Ogden Botanical Gardens is the large rose garden. There are over 300 roses representing over 50 different varieties. New roses are frequently introduced allowing visitors to see and smell roses they may want to use in their own yards. The roses bloom from June-October.

5 Water Conservation Garden

This garden was specifically designed to demonstrate and teach the public how to make better use of water by using drought tolerant plants. Hydro zoning, the practice of placing plants with similar water needs together, helps to conserve water use. There are five different water zones in this garden ranging from no supplemental water to watering two to three times a week. Each hydro-zone represents different watering schedules. This garden also features many pollinator friendly plants.

6 Perennial Water-wise Garden

This garden was planted in the spring of 2008 and features perennials that thrive in low water and still look spectacular throughout the summer. There are different flowers that bloom in each season that provide a colorful backdrop throughout the year. This bed inspires visitors with ideas on how to plant a truly colorful and splendid garden that provides season-long color and still helps to conserve water, one of our greatest natural resources. A drip-irrigation system minimizes water loss and is only used every other week.

7 Trough Garden

This garden was designed with handmade hypertufa troughs and planted with alpine-type plants that represent high mountain areas. Hypertufa troughs are a cement-based mixture made with peat moss, perlite and nylon fibers. These troughs are typical of alpine gardens and are a great way to bring stone into your garden.

8 Conifer Collection

This garden contains our conifers collection, which means they are cone-bearing plants. Conifers can be evergreen, which includes Fir, Pine and Spruce trees, or they can be deciduous, such as Cypress and Dawn Redwood trees. Conifers provide the garden with year-round color and interest. Additionally, conifers provide wind, sound and air pollution barriers to homes and offer shelter for wildlife. Conifers are a great way to enhance landscapes through their wide variety of colors, forms, textures and sizes.

9 Accessibility Garden

This garden was developed to provide access to the walking and biking trail along the Ogden River Parkway. It features a variety of colors and textures and leads to a crabapple collection that provides beautiful blooms in spring.

10 Power Line Arboretum

This garden was designed to showcase trees that could be planted under or near power lines. Many homeowners have struggled to work with utility companies in order to keep power lines operational and safe. When planting under or near a power line, the optimal mature tree height should be less than 25 feet.

11 Cottage Garden

The entryway is bordered by a cottage garden planted with perennials and shrubs found in English and more informal gardens. The one-half acre garden has an entryway pergola with vines, a sitting area and several hundred perennials. In the spring, this garden is adorned with tulips, daffodils and other spring-blooming flowers. This garden also features a number of
