Ag Mechanics

Class I

Open to 4-H and FFA members.

Agricultural Mechanics projects will be judged primarily on quality of workmanship, attention to detail, fit and finish, with some attention to design. Projects should be cleaned up, finished and properly painted. Exhibits must have been constructed during the past school year.

Projects will be divided into two classifications according to fair market value.

\$749 and under Blue \$6.00 Red \$4.00 White \$2.00

\$750 and above Blue \$8.00 Red \$6.00 White \$4.00

A best in show will be selected from each class.
