This four week course will teach the basics of designing your own landscape. Participants will learn how to create a plot plan, develop ideas, basic design elements, maintenance shortcuts, and finally how to develop a beautiful master plan. Fundamental drafting supplies will be provided and participants will take home a master plan for their own landscape.

Garden Workshops

Thursdays, 6:30 – 8:30 pm

- **Creating and Placing Wreaths:** Learn to design your own wreath, where to place it and how to design a wall around it. Each participant will take home their own designed wreath.
 March 5 at OBG, March 12 at UBC
- **Fill, Thrill and Spill:** Learn how to build your own plant trough, then fill it with plants that will thrill the senses and spill over the sides and enhance any landscape. Participants will go home with a plan, plants, and some materials.
 April 2 at OBG, April 9 at UBC
- **Creating a Hanging Basket:** Learn to design and fill a basket for sun, shade, and any other location. Participants will take home one large hanging basket of their own creation.
 May 7 at OBG, May 14 at UBC
- **Soapmaking:** Have you ever wondered if you could design your own fragrance and make it into soap? This workshop will show you how. Each participant will leave with their own blends of soap and knowledge of how to make their own soap at home.
 July 9 at OBG, July 16 at UBC
- **Drying Flowers and Making Cards:** Learn which flowers are best for drying and how to properly dry and care for them. But that's not all, this workshop will also teach you how to use them on personalized cards. Participants will take home dried flowers and cards.
 September 3 at OBG, September 10 at UBC
- **Fresh Flower Arranging:** Get ready for the holiday season by learning to design beautiful and festive flower arrangements. Participants will take home their own designed bouquet.
 October 1 at OBG, October 8 at UBC
