VIDEOTAPE - "THE MILKING SCHOOL"

Clell V. Bagley, DVM, Extension Veterinarian
Utah State University, Logan UT 84322-5600

June 2001

AH/Dairy/07

We recently produced a videotape here at USU, titled "The Milking School." It contains both English and Spanish language versions (30 and 33 minutes). The videotape is focused on teaching novice personnel how to milk cows. There is a brief overview of milking equipment and a small segment on handling cows. Most of the information is on the step by step procedure of cow preparation and management of the milking equipment on the cow. The goal was to avoid "talking heads" and show the cows, equipment, workers and very specific steps - and to make it available in Spanish as well as English.

Practitioners, producers or others may obtain a copy of the videotape by sending \$25, (checks made payable to Utah State University) along with a note of request and a mailing address to:

Dr. Clell Bagley
5600 Old Main Hill
Utah State University
Logan, UT 84322-5600

The price includes shipping and handling. For larger volume orders, there is a reduced price (over 5 = \$22.50 each; over 10 = \$20 each).

If more detailed information is needed on equipment, mastitis and several other aspects of milking, a computer / internet version (also titled "The Milking School") is still available at: (this is in English only):

<http://extension.usu.edu/coop/ag/livestoc/mschool/index.htm>

or at:

<http://extension.usu.edu/coop/ag/livestoc/ah/index.htm>
and then select "The Milking School - Online"
