Brief Bio: Rebecca grew up near Burns, Oregon. She was a 4-H member for 8 years and participated in livestock, sewing, cooking, and leadership projects. She graduated from Brigham Young University in April 2004 with a Bachelor's of Science degree in Animal Science with an emphasis in Agricultural Business.

Shortly after graduating from BYU Rebecca married Aaron Mills of Goshen, Utah. In December 2004 she started with Oregon State University Extension as a 4-H Youth Development Agent in Jefferson County, Oregon. Rebecca completed a Master's degree in Agricultural Education in December 2008 from Oklahoma State University via distance education. Also, in December 2008 Rebecca left OSU Extension to support her husband as he pursued work in Texas in his chosen occupation of horse training.

The Mills are excited to again be in the Mountain West near family and look forward to the opportunities that will come from being associated with USU Extension. They are currently living in Monroe, Utah where they have two horses and a small dog named Dilly.
