## DATE

## CLASSES

April 2

### *Raised Bed Gardening*

Hard economic times are a great time to grow a garden. Learn how to prepare the soil, form the beds, plant, and raise tasty vegetables. The experts will also share helpful hints for maintenance and harvesting vegetables at their peak.

May 7

### *Creating Hanging Baskets*

Learn how to design and fill a hanging basket for sun, shade, or any other location. Participants will take home one large hanging basket they create, and will know how to keep it looking good.

June

(No workshop this month--watch for information about our "Art in the Garden Gala" 15<sup>th</sup> Anniversary Celebration on June 26.)

July 9

### *Making Soap*

If you have ever wanted to make your own soap and create your own fragrances, this class is for you. Each participant will take home their own soaps, and a knowledge of how to make soap at home.

August

(No workshop this month--join us at the Weber County Fair.)

September 3 *Drying Flowers/Card Making with Botanicals*

Learn which flowers are best for drying, and how to properly dry and care for them. Then, this workshop teaches participants how to use flowers for card-making. Each participant will take home dried flowers and cards they created.

October 1

### *Fresh Flower Arranging*

Get ready for the holiday season by learning how to design beautiful, festive flower arrangements. Participants will take home their own bouquet.
