4-H Fashion Revue Contest – July 31, 2025

Individual contestants must be enrolled in 4-H for the 2024-2025 year.

Fashion Revue is a combination of an oral presentation, modeling of the garment and response to questions from the judges. The contest will be broken into 2 parts: personal interview and fashion revue modeling.

Youth can compete in 3 different divisions and will be judged separately. Those divisions are:

Constructed — 50% of the score will be on sewing construction and 50% will be on modeling and interviews. Each piece in the ensemble must be created by the participant. An exception: a constructed full-length coat that may be worn over a ready-to-wear garment. Various construction methods, including hand sewing, sewing machine construction, knitting, and crocheting, are appropriate. Garments may be crafted from patterns or feature original designs.

Purchased — 100% will be on modeling and interviews

All pieces within the ensemble can be new, previously owned, or a blend of both, and they must retain their original condition. Participants may alter a garment to improve its fit. Outfit selection should demonstrate sound consumer skills by evaluating aspects such as fit, quality, and cost.

Upcycle Your Style (previously known as Decorate Your Duds): Modified — 100% will be on modeling and interviews.

2025 4-H Indoor Exhibits Fairbook

Upcycling is the process of taking discarded or unused materials and transforming them into new products of better quality or value. In the context of fashion, upcycling involves repurposing old clothing or textiles to create new and unique garments. This can include altering the items through sewing, embellishing, or combining them with other materials to give them a fresh look and extend their lifespan.
