JUNIOR LIVESTOCK PROJECTS BUILD COMMUNITIES

Each year Cache County youth select 4-H and FFA livestock projects to compete at the county fair. In addition to the expense of purchasing their animal, feed, and supplies, these projects require hours of attention to feed, train, and prepare for the show. The youth learn essential life skills such as communication, cooperation, responsibility, along with the humane treatment of animals.

4-H and FFA livestock projects provide opportunities for young people to develop solid values that will serve their community, where ever they live. The Junior Livestock Auction provides the community an opportunity to invest in our youth and their future. Proceeds from the sale of projects often fund college educations, enhancing the ability of these youth to contribute to their communities.

As a buyer, your participation in the sale recognizes youth for the time, expense and effort that has gone into raising an animal for market. You may also obtain advertising value that accrues through the purchase of these animals.

Please support the Junior Livestock Auction and invest in the youth of Cache Valley.

WAYS TO BUY

Buy Back – Buyers not wanting to keep their purchased animal pay only the difference between the final bid price and resale value listed in the program based on the floor prices set by livestock markets. The floor buyer (packer) will take the animal and the successful bidder pays only the support amount. The floor price will be published in the sale program.

For example, suppose you bid \$400 for a 100 pound lamb. The floor price is \$1.00/lb, the buy back price is then \$100. Your cost = \$300.

Home Use – You can purchase the entire animal for home use. You pay the total sale price bid at the time of the sale. You will need to designate at the time of the sale whether or not you wish to have your animal processed. Simply indicate on your slip who you want to do the processing. Bid price does not include processing fees. Buyer is responsible to confirm all processing arrangements.

Split Buying – Two or more individuals, families, businesses, or organizations may wish to split the cost of an animal. This reduces the cost to any one person or group. Simply designate who the buyers are and the amount each party is responsible for on the auction slip at the time of the purchase.

Buyers' Pool - Individuals and/or businesses commit a dollar amount to the pool. The buyers' pool will then bid on and purchase animals, leveraging the available money to maximize the benefit to participating youth.

For Donation - Donate the meat from your purchase to one or more non-profit organizations. Youth benefit from your support, you get the promotion and satisfaction of knowing that your favorite organization gets the meat. You may also consider arranging with the recipient to pay the processing fees.
