After you have shot the indoor circles or while you are waiting for the next line to start you can shoot outdoor field targets set up at 15 or 30 yards. 5 ends of 6. Same starting times as the indoor. 9:00am, 10:30 am and 1:00 pm . We will also have two 3D courses set up in the V formation. One course 10-50 yards and the other 10-30 yards. You can step over and shoot 3D anytime during the day.

We will also have the Walking Dutch oven cooking there for lunch.

The day should be full of fun with lots to do. We will be giving away medals for each event in two age groups. Also will be giving overall medals out.
