"Lessons learned from the marriage counselor's chair"

After almost 20 years of working as a therapist with couples and families, Dan brings a unique perspective about what works and what doesn't work in successful marriages. He understands how couples get into problems that they struggle to get out of, and what they can do differently to find a better outcome. He often says that being a marriage counselor makes him a better husband. Come experience the lessons he learns every day from the couples in his practice.

Cost: \$20.00 per person or \$35.00 per couple

Register: <https://ddn-dan-miggin.eventbrite.com>

Dan Miggin's career includes 19 years of practical experience working with couples and families in a variety of settings. He graduated from USU in Psychology, and later Loma Linda University in Marriage and Family Therapy. He has worked in a psychiatric hospital, served in the US Army, and most recently worked as a clinical supervisor for Bear River Mental Health. For 10 years he has maintained a part-time practice in the community, first at LDS Family Services and now in his own full-time private practice. He married his high school sweetheart, Angie, and they have 6 children and one granddaughter. Dan enjoys the outdoors, and loves to take his family on backpacking trips.

2016 Junior Youth Conference

SCOTT'S THOUGHTS

June 5-7, 2017 at Snow College— Registration Now Open

Apply online at ut.4honline.com to be a teen counselor or to attend as a camper.

Every summer, on the Snow College campus in Ephraim, Utah 4-H presents its statewide camp for youth who have just completed 5th or 6th grade.

Youth who attend JYC are divided into groups and assigned to a Teen Group Leader. Youth make new friends and experience new things as it is usually the first time for the youth to be on such a trip. While at the conference, all youth have the opportunity to participate in workshops where they learn about teamwork, trust, friendship, and other life skills. Teen Leaders manage each group in order to keep the youth busy with games, activities, or a service project of some kind.

Activities at JYC also include Snow Follies, in which Snow College ambassadors throw a huge water games event that everyone gets involved in!

Junior Youth Conference is truly a unique event for those who come! The lessons learned and the friends made last a lifetime.

Registration to attend Junior Youth Conference is due to the County 4-H office by May 24, 2017.

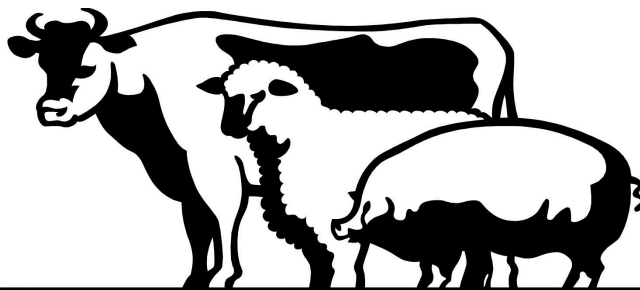

Cache County Junior Livestock Program

SCOTT'S THOUGHTS

The time is here to begin planning your Junior Livestock market animal project. Here is information to help you plan for required events and educational opportunities. **PLEASE READ THIS LETTER COMPLETELY.**

1. All exhibitors must register with 4-H, or be a member of his/her FFA chapter. **4-H youth not registered with Cache County 4-H by June 20, 2016 will not be allowed to exhibit their project animal at the fair.** FFA members must be registered with their respective FFA Chapters and meet all the requirements. Completing the "green card" at tag-in does not automatically complete the registration process. The 4-H year goes from October 1 to September 30 of each year. 4-H registration is \$12.00 per year.
2. Exhibitors must currently be in the third grade or older and at least eight years of age (2016-2017 school year).
3. The green Entry Card (normally collected at tag-in by the chairman) and *Commitment to Excellence* forms must be completed with all of the appropriate signatures and turned in to the Extension/4-H Office by 5:00 PM, Monday, June 19, 2017.
4. Market steers and dairy heifers must be tagged a minimum of 100 days prior to the fair check-in, 60 days for hogs and lambs. It is the responsibility of each exhibitor to accompany their project animal to tag-in. Tag-in dates, times and locations are listed below. **Please do not expect the Committee Chairs to come to you.** Arrange your schedules to bring your animals to one of the following tag-in locations:
 - A. Lambs/Goats: Friday, June 2, 2017, 5:30-7:00 PM, Saturday June 3, 2017, 8:00-10:00 AM, or Saturday, June 10, 2017, 8:00-10:00 AM at Cache Fairgrounds.
 - B. Hogs: Friday, June 2, 2017, 5:30-7:00 PM or Saturday June 3, 2017, 8:00-10:00 AM at Cache Fairgrounds.
 - C. Steers: Friday, April 21, 2017, 4:00-5:30 PM or Saturday, April 22, 2017, 9:00-10:30 AM at *USU Corrals, 1200 W 1500 N
 - D. Commercial Dairy Heifers: Friday, April 22, 2016, 4:00-5:30 PM or Saturday, April 23, 2016, 9:00-10:30 AM at USU Corrals 1200 W 1500 N, or arrange with Spencer Gibbons, Commercial Dairy Heifer Project Chairman.
5. Each Exhibitor can tag-in two animals in each species. Each exhibitor can show two animals of any species or combination of species at the fair but can sell only one animal in the Junior Livestock Auction.
6. All ewe lambs must have a scrapies ear tag which identifies the farm where the lamb was born. When purchasing your lambs, make sure that all ewe lambs have a scrapies tag. Ewe lambs will not be allowed to weigh in at the fair without a scrapies tag.
7. All ear tags will be removed at tag in time for all species. The only exception is a scrapies tag which is required by law in all ewe lambs.
8. 4-H Livestock Record Books for the Junior Livestock Project are now available and will be given out at tag-in. It is also available online in a form fill format that can be filled out on the computer at http://extension.usu.edu/cache/files/4-H-livestock-record-book_2017Fill.pdf
Record Books requested after June 19, 2017 will cost \$2.00. Please contact the 4-H office if you have any questions.

**Youth Farm Safety Training & Operator Certification**

Farms and ranches are great places for teaching youth the value of work. Unfortunately, farms are also dangerous places. Powerful equipment, unpredictable livestock and frequent carelessness result in accidents and sometimes death. As such, USU Extension and Utah Farm Bureau have organized another Agricultural Safety Training Course. Our primary goals are to save lives, prevent injuries and reduce the economic losses associated with agricultural accidents. Through this course, participants will be trained in pesticide, livestock, railway, fire, electrical, tractor, ATV, and highway safety.

The Hazardous Occupations Order, under the U.S. Department of Labor's Fair Labor Standards Act, makes it unlawful to hire youth under the age of 16 to perform certain work activities. Successful completion of an approved 4-H or FFA training program by youth ages 14 or older allows them to legally operate certain farm machinery.

In addition to classroom instruction, participants will be required to pass both a written test and a driving test. A Certificate of Completion cannot be awarded to anyone younger than 14, but they can receive a Certificate of Attendance.

Youth who are older than 16 will also benefit from the training.

Employers and parents tell us that former class participants definitely have an increased awareness of safety issues. The training is excellent and will benefit all youth.

The course will be held April 14-15 at the USU Caine Dairy in Wellsville, Utah. Instruction goes from 5:00 p.m. to 9:00 p.m. on Friday and from 9:00 a.m. to 2:00 p.m. on Saturday. Participants must provide their own transportation to and from the classroom and may pay

at the door. Cost will be \$10.00 per student. Snacks will be provided on Friday evening and lunch will be served on Saturday. We do, however, request that you R.S.V.P. by calling the Cache County Extension office (435)752-6263 or Box Elder County Extension (435)695-2543 to help us do a better job of planning.

If we can save one life or even prevent one accident, the course will have been successful. We encourage all growers to enroll their children, grandchildren or potential employees.

Gardening Classes

GUNNELL'S GARDEN

2017 Spring Gardening Classes**April 5, Wednesday: Backyard Beekeeping 101**

6:30-8:00 pm There is nothing sweeter than honey harvested from the backyard. This workshop is focused on the beginning beekeeper. We will focus on how to successfully set up a backyard hive and give tips on how to keep a thriving hive.

April 19, Wednesday: Fruit Tree Grafting (\$25 per person)

6:30-8:00 pm This hands-on workshop will teach the science and art behind grafting fruit trees. Participants will be able to take home two of their own grafted apple trees.

May 3, Wednesday: Raised Bed Gardening (\$10 per person)

6:30-8:00 pm (Contact USU Extension office for location) This is a do-it-yourself style workshop and will cover basics behind selecting building materials, construction tips and which plants perform best in raised garden boxes. Participants will be given vegetable seeds and starts to help kick start the growing season.

May 17, Wednesday: Flowers for All Seasons

6:30-8:00 pm From spring to fall, color in a landscape should be fluid and ever changing. Learn how to select plants that will give season-long colors and texture to your landscape.

June 7, Wednesday: Tree Identification and Selection

6:30-8:00 pm (Contact USU Extension office for location) This walking tour of the USU main campus will highlight some of the "tried and true" tree and shrub species that grow well in Cache Valley's climate.

June 24, Saturday: Alterniscapes Landscape Tour (\$5 per map)

Contact USU Extension office for location) The 2-17 Alterniscapes Garden Tours will be a walking tour of six private gardens in the Logan area. Get ideas for your own yard by strolling through butterfly, bird and bee-friendly gardens. Experience water-wise and native plantings, backyard chicken coop ideas, constructed compost bin, backyard bee hives, raised vegetable and flower beds made from recycled materials, colonnade fruit trees and even blueberries growing successfully in a peat moss bale!

Northern Utah Mini-Water Conference

Northern Utah Mini-Water Conference will be held April 5, 2017 at the Innovation Campus located at 1780 N. Research Park Way in Logan. The conference will begin at 10 a.m. and go till 3 p.m. This seminar is organized for leaders of municipalities and irrigation companies. Presenters will include the State Water Engineer and other water experts. There will be no cost for participation. Lunch will be provided. Anticipate receiving a flyer soon with additional details. Questions? Call Clark Israelsen at (435)752-6263.

Soil Auger

Folks are invited to check out a soil auger to obtain soil samples for testing. The soil test will help determine the fertility needs of croplands. This process will enhance the productivity of crop production and potentially save on fertilizer costs.

You may pick up basic instructions for obtaining a soil sample from our office as well as the address where you can deliver the soil for testing.

Email? Receiving the Extension newsletter through e-mail is much quicker than getting it in the mail box. To be among the first to get the news of upcoming classes and events, please call us at (435)752-6263 and give us your e-mail address. Thanks!

Special Needs. For any special arrangements including dietary, physical accesses, or accommodation requests, please notify Utah State University Extension 15 working days prior to the event, (435)752-6263.
