

# CWEL FIELD DAY 2024: JOIN US!

**Date:** August 13, 2024

**Time:** 10:00 AM - 3:30 PM

**Location:** Utah State University's Agricultural Experiment Station Greenville Farm, North Logan, UT

## Overview

Join the [Center for Water Efficient Landscaping](#) (CWEL) for an in-person Field Day on August 13, 2024! This exciting event will be held at USU's Agricultural Experiment Station Greenville Farm in North Logan, UT. It's a wonderful opportunity to engage with our team, explore our water conservation projects, and witness our research plots and landscape transitions firsthand.

## Event Highlights

### Meet the CWEL Team

Get to know the dedicated professionals behind CWEL's innovative water-saving initiatives. This is your chance to connect, ask questions, and gain insights directly from the experts.

### Learn About Our Projects

Discover the groundbreaking water conservation projects CWEL is spearheading. Gain a deeper understanding of our efforts to promote efficient water use and sustainable landscaping practices.

### Understand Seasonal Water Needs

Understand the science behind water needs during late summer and how you can apply this knowledge to your own landscaping efforts.

### See Research Plots in Action

Witness our research plots at the peak of summer. Observe the thriving plants and learn about the methodologies used to maintain them with minimal water.

### Low-Water-Use Landscape Transitions Tour

Explore the ongoing efforts by USU's Facilities crew to transition to low-water-use landscapes on campus. Gain practical tips and inspiration for your own water-efficient landscaping projects.

## Registration

Details and the registration process will be shared in the coming weeks. Stay tuned for updates and make sure to mark your calendar for this unmissable event.

We look forward to seeing you in person and sharing our passion for water-efficient landscaping!
