

# Congratulations CWEL Class of 2024!

05/09/2024

Congrats to CWEL faculty advisors and their 2024 graduates!

Congratulations to the Class of 2024!

Over the last few years, the Plants, Soils and Climate Department at Utah State University has had a record number of graduate students working on various projects supported by the Center for Water Efficient Landscaping (CWEL). We congratulate this year's graduates on the successful completion of their programs!
