

CWEL's Kelly Kopp receives prestigious Crop Science award

10/31/2022

Dr. Kelly Kopp receives 2022 Crop Science Extension Education award

2022 Crop Science Society of America Extension Education Award

Presented in recognition of excellence in Extension teaching activities in crop science based on educational innovations developed and used successfully in crop science as evidenced by demonstrated ability to communicate ideas clearly, influence client attitudes, and motivate change in client or audience actions.

The award was presented to Dr. Kelly Kopp by Dr. Marilyn Warburton, Crop Science Society of America President.
