## Head, Heart, Hands and Health

### WELCOME, OLIVIA

Please help us welcome our new program coordinator, Oliva Shively. Oliva will be working with DC schools to bring the fun of 4-H into classrooms.

"I'm so happy to be part of the team here at USU. I was born and raised in the mountains of Vermont and moved to Utah in 2017 to attend Westminster College. I graduated with an Honors Bachelor of Science in Environmental Studies and a minor in Spanish. I am an avid outdoors person, snowboarder, mountain biker, and dog person. I also love to make art, cook, and run. My academic passions include sustainable food production, food and environmental justice, permaculture, and agroecology."

### FAREWELL, BAILEY

Join us in saying THANK YOU and farewell to our wonderful program coordinator, Bailey Horton. In the short time Bailey has been with DC 4-H, she has worked diligently to strengthen our Teen Council, Project Ambassadors, Cloverbud, and STEM clubs, and she has been an advocate for bringing the entire family into 4-H. Bailey is leaving her mark here in DC through the USU Utah House Maker Space, and STEM Spot lending library. We will miss her as she moves to Cache County where she will work with their 4-H program and focus on her growing family.
