GET TO KNOW THE DAVIS CO. 4-H STAFF

Meet Taral Hull. “I am passionate about the outdoors and sharing them with others. I love 4-H because it gives youth the opportunity to gain new experiences and to “test drive” interests. I love to see the look in the eyes of youth and adults when something they learn resonates with them and creates a desire to learn and explore for themselves. I believe in giving “backyard scientists” the tools to fill their curiosity by performing their own experiments and observations of the world around them.”
