Annual Extension Conference

March 4, 2010

The purpose of Epsilon Sigma Phi is to maintain the standards and ideals, to uphold the morale prestige and respect of Extension, to develop an effective working relationship and a spirit of fraternal fellowship among present and former Extension employees and to promote professionalism within the Extension service.

The Greek letters are interpreted to mean Extension Service Veteran.

**The Extension Workers Creed**

I Believe in people and their hopes, their aspirations, and their faith; in their right to make their own plans and arrive at their own decisions; in their ability and power to enlarge their lives and plan for the happiness of those they love.

I Believe that education, of which Extension is an essential part, is basic in stimulating individual initiative, self-determination, and leadership; that these are the keys to democracy and that people when given facts they understand, will act not only in their self-interest, but also in the interest of society.

I Believe that education is a lifelong process and the greatest university is the home; that my success as a teacher is proportional to those qualities of mind and spirit that give me welcome entrance to the homes of the families I serve.

I Believe in intellectual freedom to search for and present the truth without bias and with courteous tolerance toward the views of others.

I Believe that Extension is a link between the people and the ever-changing discoveries in the laboratories.

I Believe in the public institutions of which I am a part.

I Believe in my own work and in the opportunity I have to make my life useful to humanity.

Because I Believe these things, I am an Extension professional.
