

Utah Association of County Agricultural Agents Council Chairmanship Policy Statement (June 2013)

In accordance with Article VII Section III of the Association Constitution, the Association voted that each member of the Executive Committee be the chairperson of one of the Standing Councils of the Association (Professional Improvement Council, Extension Development Council, and Program Recognition Council). The newly elected secretary will assume the responsibility of the council chair that is vacated by the outgoing president. The member of the Executive Committee will continue as the chair of the same council throughout his/her tenure, until he/she has completed his/her year as president. In the event that an Executive Committee member is not able to complete his/her tenure in the committee the replacement person will assume the Council Chair duties of the vacated person.

The council chairs will have responsibility over the various committees that are part of that council and will strive to help the chairman of that committee be effective in his or her assignment. All members of the association are encouraged to sign up for one of the councils and may be asked to assist one of the various committee chairpersons with their duties throughout the year.

The council chairmanship rotation will be as follows:
