

Utah Forest Legacy Program Pre-Application Form FFY26 (& IRA FFY24/25)

The submission of this form indicates the landowner's desire to receive a full application for the Forest Legacy Program. Participation is voluntary and competitive. The landowner may withdraw the property from consideration at any time (except after legal agreements have been completed and signed). The State of Utah also may discontinue considering a tract of land for inclusion into the program at any time.

Please return this form to the email address listed below by October 16, 2023. If it is determined that the property qualifies for the Forest Legacy Program, a full application will be emailed to you in November 2023.

Landowner Contact Information

Name: _____ Phone: _____

Email: _____

Address: _____

City, State, Zip: _____

Is the property owned solely by the above individual, or a family, trust, or multiple landowners?

If owned by a family, trust, or multiple landowners, all parties must be in agreement to enter a conservation easement through the Forest Legacy Program.

Are you interested in applying for FFY26 FLP or do you qualify as one of the 3 project types (Large Landscape, State-Tribal Partnership, Strategic Small Tract) for the FFY24/25 IRA application process?

FFY26 FLP

FFY24/25 IRA

project qualifies for both

Please provide a brief description of this property, including the values and resources such as watershed, streams, springs, threatened or endangered species, wildlife, dominant tree species, and/or public access.

List any National Forest, BLM, state land or parks, National Parks or other Forest Legacy properties that border the property or are nearby.

What are the current uses of the property, and what is the intended future use of the property (ie, ranching, timber harvesting, hunting, recreation, etc)?

Are there any structures on the property? Describe any buildings or improvements on the property.

Describe any existing easements, liens or other encumbrances on the property (such as road/utility easements, public rights-of-way, water easements, tax liens, deed restrictions, mortgages, etc).

Please attach a map and gpx file or GIS shapefile showing the location of the property. This will assist with ensuring the property falls within one of our identified Forest Legacy Areas.
