

Whole Grain Bread

CREATE
HEALTHY CHOICES

- Great source of B vitamins.
- Whole grain bread contains more fiber, vitamins, and minerals than white bread.
- The USDA recommends making at least ½ your grains whole grains, every day.
- Make any sandwich healthier by replacing white bread with whole grain bread.

CREATE SNAP-ED
BETTER HEALTH

This material was funded by USDA's Supplemental Nutrition Assistance Program – SNAP. This institution is an equal opportunity provider. Utah State University is an affirmative action/equal opportunity institution and is committed to a learning and working environment free from discrimination, including harassment.
