**Success Story of the Month:**

“I was approached by a woman that attended one of my “create amazing veggies” classes and we did roasted vegetables that night. She says “that her family does not like vegetables but, she went home to try the roasted vegetables and her family will not let her do vegetables any other way, now.” I was very excited that she got her family to eat vegetables and like them.”

**Create Better Health Utah (SNAP-Ed) Google Calendar**

calendar.google.com

Each county is required to maintain a county Google calendar that is shared with the State Office and DWS. The Google calendar is mandatory. This is the clearinghouse for all Create Better Health Utah (SNAP-Ed) activities and events occurring in Utah at any given time. Ideally, counties will schedule most classes at least a month in advance. The calendar is reviewed and cross-referenced with PEARs data and staff work hours. It is consulted for scheduling management evaluations, on-site training, and stakeholder visits. It will also be used to recruit class participants through the Create Better Health Utah Newsletter. Supervisors must make sure all Create Better Health Utah (SNAP-Ed) activities are listed. Program funders have access to the calendar and will notice if a county doesn’t show that Create Better Health Utah (SNAP-Ed) is active there.
