Utah's State Nutrition Action Coalition Report

Utah's SNAC group was initially formed in 2005 but has continued to evolve and grow with the changing demographics and needs of Utah's population. SNAC allows agencies with similar nutrition and wellness missions to leverage resources and knowledge, reduce duplication of efforts, and ultimately increase the reach and impact of all the agencies involved. Utah SNAC strives to improve food security, nutrition, and health for Utahns. Click above to view the full 2017 report.
