Hunger: Causes, Consequences, and Responses

Want to learn more? Auburn University offers an interactive online learning experience designed to provide a comprehensive look at domestic and global hunger. In this course, you will review essential concepts from ethical considerations, the framework for understanding hunger as an economic, social, and physical issue, the history and current state of hunger at home and around the world, the involvement of government and non-profit organizations, as well as your role and responsibilities in the fight against hunger.
