

Creating Shared Understanding

Take a moment to ponder and discuss the following questions.

1. What fields of expertise are represented in our team?
2. What topics do we need to discuss so that the entire group can gain an understanding from each field of expertise?
3. What are some emergent properties in our county?
4. What problematic rates do we have in our county?
5. What are the likely causes for the above problematic rates?
6. What other questions do you need to address as a team?
