

Baseline Information for Outfitters and Guides in USFS Region 4

Baseline Information for Outfitters and Guides in USFS Region 4

Federal regulations require that commercial outfitters on National Forest lands be authorized through a Special Use Permit (SUP), and a needs assessment is required for this authorization in order to determine the public need for a service to aid visitors in experiencing National Forests. This review provides baseline information that will help the National Forests in Region 4 conduct National Forest specific needs assessments.
