

Snowmobile Conflict in the Wasatch-Cache National Forest

Snowmobile Conflict in the Wasatch-Cache National Forest

An analysis of data collected from the Outdoor Recreation Center backcountry yurt rental program at Utah State University during the 2008 spring semester. This study was prompted by a number of discussions between researchers, avid backcountry non-motorized recreationists, and yurt users, all of whom suggested that they experienced conflict with snowmobile users at or near the yurts.
