

A New 4-H Year Begins!

I am so excited to kick off another year of 4-H! As we begin a new 4-H year, I would love to see kids ages 8 to 18 get involved and discover all that 4-H has to offer. There truly is an activity for everyone, whether you are interested in animals, agriculture, leadership, creativity, or learning new skills.

On the livestock side of 4-H, we offer horse, livestock, and small animal clubs. Whether you already have experience with animals or are just interested in learning something new, I would love for you to come check out the different clubs and find what you enjoy. There is something unique about each program, and I encourage kids to try them all!

4-H is a great opportunity to make new friends, learn valuable life skills, gain confidence, and have fun along the way. I am looking forward to seeing all of our returning members and meeting many new faces this year. Come join us and see what 4-H is all about!
