Welcome Tiffany

My name is Tiffany Henstra, I am the new 4-H Staff Assistant with Juab County Extension, helping with Agriculture, Horticulture, and STEM. I grew up on a small farm and was very active in my FFA Chapter through my school years. I also had the opportunity to work and learn from other small farms in my area. I got married and moved to Juab, and I am now raising two adventurous boys. Our family loves to be outside. We love jeeping in Moab, hunting, fishing, camping, and demolition derbies. My boy's favorite thing to do is help Grandpa feed the animals. As the new 4-H Staff Assistant in Juab County, I am excited to learn and grow with our youth through the many programs 4-H has available. I feel science and agriculture play a big part in our community and by helping our youth keep up with the ever changing technology we can help agriculture in our area grow.

Leadermete

Learn mechanical design, construction, programming, and teamwork skills. Using LEGO building elements, motors, and sensors, participants will build different robots, and then program them with a computer to move, react, and make sounds to solve challenges. This class will include both introductory and intermediate robotics techniques to meet your abilities. Space is limited.

When: Mondays—March 4 - August 5
5:00 - 6:30 pm
Where: Juab County Extension Office,
160 North Main, Nephi
Who: Grades 3rd-8th
Cost: $5

($10 annual 4-H enrollment fee is necessary for non 4-H members. Pre registration required on Utah 4-H Online @ https://ut-4honline.com. Once annual enrollment fee is paid, and registration is approved, login on 4-H Online and register for the event on the members list page.)

Dog Classes

The 4-H dog club is a program offered to the youth in Juab County. This is a great opportunity for kids to learn and grow with their dogs. A new event in the Juab County Fair lineup is a Dog Show where all 4-H Dog Class members can exhibit the skills learned.

For youth grades 3rd (age 8) and up. Cost is $5 with ($10 annual 4-H registration fee, if needed). Class dates are the first and third Thursdays of each month, 5:00—6:30 at the Juab County Fairgrounds.
