

COURSE OVERVIEW

Welcome to the **Master Remote Work Leader** certificate course. This is a blended course, combining online work with interactive video workshops.

This course is designed to engage organizational leaders in appropriate techniques, curricula, and resources for the development of a remote work environment within their institutions. Emphasis will also be placed on approaches to managing remote employees and designing remote jobs. Specific objectives and outcomes are identified at the beginning of each module.

COURSE OBJECTIVES

At the completion of the course, the participant will be able to:

1. Critically assess their organization's current vision for the future
2. Create a plan to include culture-building in routine operations
3. Develop an effective communication agreement between remote employees and management
4. Design a performance management plan to address common challenges with managing remote employees
5. Create a conflict resolution chart
6. Develop a change management process to address barriers to organizational change
7. Design a strategy for addressing common barriers to remote employees' learning and development

ONLINE LEARNING

The **Master Remote Work Leader** certificate course is designed to equip participants with the tools and skills needed to transition business management operations from onsite to virtual. The course consists of seven core modules with the following objectives (see Table 1):

Summary of modules and objectives

MODULE	MODULE SUMMARY	MODULE OBJECTIVES
Vision	This module identifies components of a compelling company vision, and provides strategies on how to develop an effective vision statement.	Clearly communicate your organization's vision to the team. Include a vision statement into the leadership development plan.
Culture	In this module, you will learn how to identify, assess, and engage with your company's culture. This includes communication, activities, and expectations.	Clearly communicate a plan to digitize and build company culture.
Communication	This module provides a discussion on the unique strategies and requirements of virtual communication. This includes communication styles, tools, and empathy.	Assess existing communication practices.
Performance Management	In this module, you will understand the processes of performance management. These include assignments, tracking, reporting, and evaluating worker performance.	Identify areas of strength and opportunities for both self and team. Create a complete plan of future action.
Conflict Management	This module examines the main causes of conflict in remote workplaces and how to empathetically resolve conflict in virtual channels.	Evaluate current conflict management strategies. Create a plan to address self and team weaknesses.
Change Management	This module discusses the process of communicating, tracking, and evaluating a five-phase change management process.	Evaluate current change management processes. Create a new plan to address self and team weaknesses.
Learning and Development	In this module, you will understand the learning and development risks unique to remote workers, and components of a successful virtual learning culture.	Create a workforce learning and development plan to address self and team weaknesses. Create a learning plan that identifies relevance, resources, and guides.

ASSIGNMENTS & DUE DATES

The modules are designed to be completed in sequential order. Please note that all pre-quizzes must be completed before beginning each module. At the end of each module, be sure to complete the assigned post-quiz. You will complete the work within each module in the same order listed in the Modules tab. All work must be completed before you can proceed to the next module. It is critical that assigned modules be completed before each workshop to enhance engagement and group discussion.

All module quizzes and assignments are due on **Tuesday evenings at 9:59 pm MT**. The specific due dates for the other work assigned in each module are listed in the Course Summary at the end of the Syllabus in Canvas.

INTERACTIVE WORKSHOPS

This course includes four live interactive workshops hosted over video call using Zoom, a free video conferencing software. Workshops provide an opportunity for participants to discuss and review content from modules in a virtual environment that resembles a real remote team.

Due to the virtual hosting of the workshops, you can attend the workshops from any location with Internet access. Workshops will be held on Thursdays at 12-1 pm U.S. Mountain Time.

Participation in all four workshops is mandatory for this course. The workshop schedule for each cohort is posted in the course description prior to enrollment.

PROGRAM COHORT

You will complete the **Master Remote Work Leader** certificate course in a cohort with other organizational leaders. It is expected that you will use collaborative tools (e.g., Slack and Zoom) with others in your cohort to practice and develop effective remote work communication skills.

COURSE CREDIT

Upon completing the **Master Remote Work Leader** certificate course, you will be eligible for 3 **continuing education credits** (CEUs) from Utah State University. CEUs are awarded to signify completion of non-credit programs intended to improve the knowledge and skills of working adults. CEUs appear on the Continuing Education level of a USU transcript and will show the course number and prefix, the course name, and the number of contact hours (1 CEU = 10 contact hours).

This course is worth 3 CEUs and would be listed as CEAS 5700 on a transcript. The cost would be \$90 to receive the credits. If you are interested in receiving the CEU credit, please contact Dominic.Bria@usu.edu for a direct link to register for the credit.
