RESIDENT OF APPLE VALLEY, UTAH FINDS REMOTE JOB 1 MONTH AFTER COMPLETING USU EXTENSION COURSE

Hello, my name is Orin Hutchings. I am 20 years old and graduated from Hurricane High School in 2017. I am from the rural town of Apple Valley in Washington County. I was part of the May 2019 cohort for the Master Remote Work Professional certificate course. After completing this course from the ROI, I was able to find a remote job just 1 month later! I work from home for a company called ZZ, Inc. doing sales and marketing. I loved the MRWP course and learned so much about how to conduct myself as a remote worker. I am more confident with the skills I gained and tools I need to succeed in this new opportunity. I would recommend this course to anyone and everyone looking to work remotely. I start as a freshman at SUU in Cedar City this fall and will be able to take my job with me as I pursue my bachelor's degree in biology.
