

Salt Lake Teen Council

Application Form

2015-2016

The 4-H Teen Council is all about leadership development, training, and service. The Council is a functioning and active group that works on a local, county, and state level to build leadership skills in themselves and others. This means that you only get out of it what you put into it. The opportunities provided each council member are privileges and should be considered as such. In exchange for your work as council members, the 4-H office provides programming and supplements the cost of a number of training and social opportunities. We encourage all who want to take advantage of this program to come join the fun!
