

Summer 2023

07/06/2023

Summer 2023

The height of summer season is an excellent time to increase our consumption of local food! This newsletter features resources for finding farmers markets across Utah, a guide to local food in and around the Moab area, a USU Extension local food fact sheet, opportunities to engage more in Extension climate action, and more. Here's to growing your community and local food networks in 2023!
