Winter 2018

The "Inconvenient Youth" in Utah are enacting behavioral change to help clean up our air. This newsletter features results from Drs. Edwin Stafford and Roslynn Brain McCann's outreach to over 400 high school youth regarding the 2017 Utah High School Clean Air Poster Contest. Read about the contest impact, view 2017 and previous years' winning posters, and discover tips to become part of Utah's clean air solution in this winter newsletter.
