

**August 5-8, 2020**

For those of you wondering if you should purchase animals for our show or not. We are planning to have the show as usual. We are hoping that by then everything has calmed down. But purchase animals at your own risk as we cannot predict any unforeseen circumstances. It would be a good idea for you to contact buyers and have them lined up.

We will do our best to keep everyone up to date through facebook and the 4-H website and emails.
