### If you have time...

Some disasters, such as tornadoes or earthquakes, strike with little or no warning. Others, such as floods or hurricanes, may allow some time to prepare. Plan what you would take if there is time allowed.

- Decide what household items you would put on a very short priority list. Involve the whole family in this discussion.
- Take jewelry and other small valuables.
- Take irreplaceable heirlooms, mementos, and photos.
- Don't bother with replaceable items such as televisions, furniture, computers, and clothing (except what you need to wear for a few days).

*Utah State University is an affirmative action/equal opportunity institution.*
