To: All wholesale customers

12-1-16

Ready for chick season? Me neither. Where did the last six months go?

Anyway, not a lot of changes for this year. We have added three new varieties to our hatching list for 2017. We have added another Red Broiler to our meat bird selection, it is called a Rolin S. The Rolin S will have a higher fat content and red meat, giving it a full and robust flavor. Please keep us updated on feedback you receive, it will help us determine if we want to keep both red broilers. We have added the Aquila to our layer selection. We did hatch a few of these last season to help fill in on some Black Sex-link shortages. Some of you were able to try them out and we received a lot of good feedback on them. They are a Black Australorp and Rhode Island Red cross, creating a very productive bird. Lastly, we have added a Black Broad Breasted Turkey. They will average about 10lbs smaller than the Bronze at butchering age. We will be hatching a limited amount, every other week. Please check the hatching schedule for dates. We are also going to be able to sex the Austra-Whites this year. Due to having a small breeding flock, quantities will be limited to 25 pullets per order.

REMINDERS:

No cancellations will be accepted after 5pm m.s.t. the Friday before the following week's hatch.

All doa's must be reported in writing within 48 hours of receiving your order. Please include invoice number and P.O. if applicable. The easiest way is to just write on your invoice and fax or email it in.

Handling fees will be the same as last year. They are as follows:

Whether your order is shipped or delivered, the handling fee will be added to your order.

Less than 100 birds = \$8.00

100 to 499 birds = \$12.00

500+ birds = \$15.00

We look forward to providing you with healthy quality poultry. Let us know if you have any questions.

Sincerely,

Angie Dunlap
