Proceedings:

- Trapping update
  - This fall we have captured 1 bird in Alton.
  - Need to scout out Sevy's bench for future work
- Plan on getting a flight next summer to help track bird movement
- Plan on getting a person to work/live at sevy's next summer
- Research Update
- Nicki is doing data analysis on all 3 years of telemetry looking at the effects of tree removal on SG habitat use. Will present it at the open house. Will present it at TWS
- Dustin Schaible introduced as the new UDWR representative
- Norm presented the group with a list potential projects/concerns for the future.
  - UACD and BLM will partner to create water development in proposed areas that have been cleared in locations west and northwest of Panguitch
- Open House December 2, 6-8 pm. At the Triple C?
  - Alton Coal update
  - Research update
  - Status of greater sage-grouse
  - Will advertise through newspapers
- UFBF annual meeting will be Nov 20-21 in Davis County Convention Center
