Information Presented

Group reviewed meeting minutes.

Group reviewed Chapter 2 and made a few changes. Many changes were proposed and will be included in the next draft.

Group completed Target Viability tables for Condition and Landscape Context. Sarah showed the group the Conservation Action Planning workbook and gave a preview of coming attractions—stresses and threats.

Discussion Highlights

Points of discussion for chapter 2 included the grazing section, the section on oil and gas production trends, use of percentages from other areas/states, and several grammatical errors.

The group worked on language for the viability table for landscape context and habitat conditions drawing largely from the Gunnison sage-grouse rangewide assessment team's guidelines and the Rich County viability table.

Follow-up Needed

Sarah to continue to work on Conservation Plan.

Group to review list of Stresses and Threats for next meeting—do we need to remove any? Add any?

Actions Taken

Meeting minutes approved.
