

Langston, R.H.W. and J. D. Pullan. 2004. Effects of wind farms on birds. Nature and Environment No. 139.  
Council of Europe Publishing, Strausberg.

Executive Summary: This report was commissioned by the Council of Europe for the Bern Convention as an update of the one commissioned by them last year and presented to the 22<sup>nd</sup> meeting of the Standing Committee for information. Its remit is to:

*Analyze the impact of windfarms on birds, establishing criteria for their environmental impact assessment and developing guidelines on precautions to be taken when selecting sites for windfarms.*
